SUPERIOR OUTDOOR COMFORT

WHERE DESIGN MEETS FUNCTIONALITY

PREMIUM TAILOR-MADE SOLUTIONS

Create your dream oasis with solutions tailored just for you. At Misteral, we are committed to delivering the highest standard of quality through certified products and premium professional services, ensuring your complete satisfaction. We have been with you from the very beginning. Our joint journey starts with a free on-site consultation and measurements at your location. With timely delivery and professional installation, we ensure that your oasis is brought to life to perfection.

VISUALLY HARMONIOUS DESIGN WITH ENDURING LONGEVITY

Misteral's unified constructions and meticulous attention to detail create a living environment that embodies both uniformity and exceptional quality:

- /// All our products are crafted from sustainable and corrosion-resistant materials, such as aluminium, stainless steel, and glass.
- /// All our products are coated with marine grade paint, ensuring superior protection against the corrosive effects of sea water.
- /// Our products are built to last, offering exceptional durability and backed by a long-term warranty.
- /// Our products are dimensionally adaptable to accommodate your unique design concept.

PERGOLAS

AESTHETICALLY AND FUNCTIONALLY TAILORED TO YOUR FACILITY

YOUR OWN OUTDOOR LIVING SPACE

Experience the perfect blend of aesthetics and functionality with Misteral's meticulously crafted pergolas. Made from sustainable and non-corrosive materials (aluminum, inox, and glass), Misteral's pergolas provide a robust structure with a long lifespan, thanks to an optimal balance of statics and strength. Our pergolas are carefully crafted to harmonize with your unique space, offering both aesthetic appeal and functional adaptability, without any compromises. All our solutions undergo rigorous verification and testing at accredited institutes.

Misteral pergolas are designed to be waterproof, snow proof, and windproof, ensuring a comfortable shelter in any weather condition.

BIOCLIMATIC PERGOLAS

ELEGANTLY DESIGNED TO OFFER A COMFORTABLE SHELTER IN ANY WEATHER

INNOVATIVE AND PATENTED BIOCLIMATIC PERGOLA SOLUTIONS

Experience the exclusive and original concept of our bioclimatic louvered pergolas, providing a comfortable and enjoyable outdoor experience in any weather condition. Misteral's bioclimatic pergola is the unique solution on the market featuring a movable groove that aligns with the rotation angle of the louvers. This ingenious design ensures that even in heavy rain, water is prevented from spraying, keeping you dry and comfortable. Our patented drainage solution enables you to effortlessly open the slats immediately after rainfall, without any water dripping onto your terrace.

Misteral's bioclimatic pergolas feature the market's largest angle of rotation for the louvers, ensuring abundant sunshine when desired.

FIXED PERGOLAS

ENSURE PERMANENT PROTECTION OF YOUR TERRACE

CREATE YOUR OWN SANCTUARY WITH THE MISTERAL FIXED PERGOLA

Misterral's fixed pergola features a robust and durable construction, designed to withstand any weather conditions and provide you with constant shelter. It seamlessly integrates with any type of structure, enhancing its overall aesthetics. Our fixed pergolas are low-maintenance and offer continuous privacy and shelter for your enjoyment. Experience more than just a canopy.

CARPORT

EXPERIENCE A CANOPY THAT OUTSHINES EVERY OTHER CAR COVER

PROTECTS AND ELEVATES THE VALUE OF EVERY CAR

The carport is an essential feature of any contemporary living space. Achieve the ideal blend of practicality and aesthetic perfection with our carport, enhancing your outdoor space, adding value, and stylishly protecting every car. Misteral carport is a design-coordinated system that brings top-quality to your outdoor area.

Misteral carport offers a robust and long-lasting structure designed to withstand even the harshest weather conditions, ensuring your car is provided with reliable and permanent protection. With its exceptional dimensional flexibility, it allows you to select a suitable size to accommodate one, two, or even multiple cars of any size. Misteral carport seamlessly combines the outstanding qualities of renowned car brands, showcasing the best attributes from German quality, Italian luxury and design, as well as Swedish reliability.

SUNBREAKERS

EXTERNAL BLINDS THAT PROTECT AGAINST CURIOUS NEIGHBOUR LOOKS

FLEXIBLE AND CUSTOM-MADE FOR YOUR SPECIFIC NEEDS

Mistral sunbreakers provide adjustable light control and ensure privacy in any bustling environment. Their minimalist and versatile design effortlessly enhances both the aesthetic appeal and functionality of any building, taking it to new heights of excellence.

Experience the compact design of our exterior blinds, providing protection for windows, terraces, glazing, and other exposed elements of your building. Mistral sunbreakers offer customizable rotating or fixed slats, tailored to your specific requirements, and can be installed vertically or horizontally. Mistral external blinds provide adjustable slat rotation, granting you complete control over the desired amount of natural light entering the room. Not only do they shield the sun, but they also overshadow the entire surroundings. Mistral sunbreakers are the exclusive solution on the market that simultaneously captivate attention and provide complete privacy.

PROJECTS MISTERAL

ENTRANCE CANOPIES

MAKE A GREAT FIRST IMPRESSION

MAKE A STRIKING FIRST IMPRESSION OF YOUR HOME'S ENTRY

Entrance canopies serve a dual purpose: enhancing aesthetics while providing functionality. Thanks to meticulous attention to detail and a focus on quality, the Misteral entrance canopy is designed to harmonize flawlessly with all the elements in your backyard. The minimalist design of the Misteral entrance canopy, in line with the entire product range, adds an attractive focal point to the building and leaves a lasting and impactful first impression.

The Misteral entrance canopy not only provides protection from various weather conditions but also adds an aesthetic finishing touch to the building's entrance.

PROJECTS MISTERAL

GARDEN SHEDS

FOR A MODERN GARDEN OASIS

MODERN AND WELL-ORGANISED GARDEN

Experience the pleasure of a tidy and organized outdoor space with a Misteral garden shed. A small shed in your garden or backyard provides an ideal solution for storing tools, garden furniture, and bicycles while keeping your belongings clean and protected from any weather conditions. Misteral garden sheds offer more than just storage space. They serve as a simple yet sophisticated centrepiece for your garden oasis, offering not only storage but also a versatile space for socializing or pursuing your creative endeavours.

Thanks to their modern, strong, and robust construction, Misteral garden sheds beautifully complement your outdoor space, creating a tidy and well-maintained outdoor setting. Designed to aesthetically harmonize with all other Misteral products, our garden sheds provide a unified finishing touch to your living space, ensuring both quality and design cohesion.

PROJECTS MISTERAL

ACCESSORIES

PROVIDING
EVEN MORE FUNCTIONALITY

ENHANCE YOUR MISTERAL PRODUCT WITH ACCESSOIRES OF YOUR CHOICE

You can bring your perfect outdoor oasis to life by customizing our offerings according to your specific wishes. Elevate the aesthetics and functionality of every Misteral solution by personalizing it with a wide range of accessories.

ZIP ROLLER BLINDS

ZIP roller blinds are an ideal solution for the external shading of large areas. Misteral ZIP roller blinds are designed with a robust blind housing and threaded shaft, guaranteeing excellent static strength. This ensures that the canvas remains perfectly tensioned and free of wrinkles, regardless of its dimensions.

ALUMINIUM SLIDING DOORS

In addition to providing effective sun protection, aluminium sliding doors also offer complete privacy, making them an excellent addition to pergolas or carports in bustling living environments. Enjoy the freedom to open or close sliding aluminum doors at your convenience, granting you full control over the desired level of privacy and shade. In addition to the classic aluminum sliding doors, you can opt for aluminum sliding doors combined with wood, creating a cozy, earthy vibe in your home.

SLIDING WINDOWS

Sliding windows offer the perfect solution for protecting your terrace under a pergola from wind, all while preserving a stunning panoramic view. Choose from plain, sandblasted, or anti-soil glass for the sliding glass of your pergola.

ACCESSORIES

PROVIDING EVEN MORE FUNCTIONALITY

SUNBREAKERS

Sunbreakers are external blinds that offer complete light control and enhanced privacy whenever desired. They can feature fixed or rotating louvers, offering convenient motorized or manual operation options.

LED LIGHTS

Create the perfect ambiance with high-quality LED lights, expertly adapted to the level and purpose of our installations, ensuring a delightful atmosphere. These are no ordinary LED strip lights; they are spotlights with 3000 K coloured light, a wide beam angle, waterproof, and dimmable, providing exceptional lighting solutions.

DISTINCTIVE FEATURES AND ADVANTAGES

THAT SET MISTERAL APART FROM THE COMPETITION

- Sturdy and robust construction.
- The largest angle of rotation for the pergola louvers on the market.
